A Legacy Since 2012

*Honouring People, Strengthening Communities,
Shaping A Brighter Rajasthan*

First conceived in 2012 as a joint initiative of ILD and FITTS, with Kamtech Associates Pvt. Ltd. as Knowledge Partner, the inaugural edition recognised individual and organisational excellence across eleven community categories through structured nomination, jury evaluation and a Platinum / Golden / Silver framework. Fourteen years on, the Award returns — relaunched as a recurring annual property with a wider mandate and a full-day format.

Why 2026 Matters

- Rajasthan has no marquee, cross-sector community leadership platform held annually – this edition establishes one on a fixed December date.
- The civic and ESG landscape has changed materially since 2012 – BRSR disclosure norms, SWM Rules, RIPS and MSME incentives, Smart City programmes and a far larger RWA / NGO ecosystem. The categories now reflect this.
- A full-day conclave converts the Award from a prize distribution into a platform for genuine knowledge exchange, sponsor engagement and media coverage – and an annual cadence lets sponsors plan multi-year commitments while building an alumni base of past winners as future nominators and mentors.

Our Vision

To make the Community Leadership Award, Rajasthan the State's most credible annual platform for recognising, connecting and amplifying those who lead – without waiting for authority – to strengthen communities, cities and institutions.
